

The Professor's Daughter: A Fictional Memoir (Paperback)

Filesize: 2.07 MB

Reviews

It is an awesome book that we have possibly go through. It is actually writter in straightforward words and phrases and not confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.

THE PROFESSOR S DAUGHTER: A FICTIONAL MEMOIR (PAPERBACK)

Big Bang Productions, LLC, United States, 2010. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. The Professor s Daughter is a fictional memoir about an eccentric professor who s been a non-conformist his entire career. After his wife s death, he tries to re-establish his relationship with his estranged daughter, Athena. She wants to know about her father s secret life that he lived apart from both her and her mother. Reluctantly, the professor tells Athena about the other women in his life through stories filled with passion, humor and irreverence. In writing what he calls a fictional memoir, Gamow knows that there is always a risk that friends and family might take offense. However, his aim is to explore the mysteries of romance and have a good-natured laugh at the wild chemistry created when mixing men, women and love. The Professor s Daughter is a fictionalized memoir in which the life and loves of a recently widowed professor are recounted to his estranged daughter. Drawn home by the death of her mother, Athena must confront her father and the memories of the night years ago that pushed them apart. In the telling of his side of the story, the professor tells of the many loves in his life, and expounds on his unique perspective on romantic love. Gamow s extensive experience in film is evident in this narrative, which is filled with vibrant characters, crisp dialogue, and a well developed sense of scene. A highly entertaining read, with a flare for the risque. - Stephanie Walker, Literary Editor, Boulder, Colorado I am both shocked and enthralled after reading The Professor s Daughter! Like a number of his heroes: Watson and Crick, Einstein, and Charles Darwin, the controversial Professor...
