Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.From the Preface: The appearance of Spalteholz s Atlas a few years ago was welcomed alike by teachers and students of anatomy. So useful is this book to students who desire to study anatomy in the dissecting room that without any effort on my part it has become the favorite aid to the students of anatomy at the Johns Hopkins University. Its value to English and American students not acquainted with the German language is now greatly increased through the admirable translation of the text into English by Professor Barker. The main object of studying anatomy is to obtain a mental image of the human body rather than to memorize numerous terms as is too often the case in our medical schools, especially in America. When the study of anatomy is transferred from the lecture room, text book and quiz-compend to the dissecting room it becomes one of the best disciplinary studies for medical students and at the same time gives them most useful knowledge by the inductive method of study. In the dissecting room the student obtains...
