Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Principles of Form in Ornamental Art Much has been said and written about the Principles of Art; but nothing is more difficult to find, even in works professedly treating upon this subject. In fact, from amongst the numerous books extant in the English language which treat upon various Art-topics, it is scarcely possible to glean a ray of light sufficient to guide the student in any original essay, either in the fine or technical arts. Before the scientific researches of Chevreul were made accessible to the artist, the important subject of the harmony and contrast of colours, was a complete chaos of crude-dogmatism in the hands of those, who, when they put their own precepts into practice, produced a result universally pronounced - ridiculous. Even the human form has been submitted to line and rule, its free contours squared, and the compass, with the aid of the rule of three, made to perform the office of creative intelligence. Only the light of science can dispel these ignes fatui. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
