It is an awesome book that we have possibly go through. It is actually written in straightforward words and phrases and not confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.

Brand New Book ***** Print on Demand *****.THE suburb of Saffron Park lay on the sunset side of London, as red and ragged as a cloud of sunset. It was built of a bright brick throughout; its sky-line was fantastic, and even its ground plan was wild. It had been the outburst of a speculative builder, faintly tinged with art, who called its architecture sometimes Elizabethan and sometimes Queen Anne, apparently under the impression that the two sovereigns were identical. It was described with some justice as an artistic colony, though it never in any definable way produced any art. But although its pretensions to be an intellectual centre were a little vague, its pretensions to be a pleasant place were quite indisputable. The stranger who looked for the first time at the quaint red houses could only think how very oddly shaped the people must be who could fit in to them. Nor when he met the people was he disappointed in this respect. The place was not only pleasant, but perfect, if once he could regard it not as a deception but rather as a dream. Even if the people were not artists, the whole was nevertheless artistic. That young man with the long, auburn hair and the impudent face-that young man was not really a poet; but surely he was a poem. That old gentleman with the wild, white beard and the wild, white hat-that venerable humbug was not really a philosopher; but at least he was the cause of philosophy in others. That scientific gentleman with the bald, egg-like head and the bare, bird-like neck had no real right to the airs of science that he assumed.
