I knew that for my own morality and conscious, I had to see a weapon and feel the threat before I could pull the trigger. I yelled at Jim again to bring his hand out slowly. On my own gun, I could see the hammer move toward me as I put more pressure on the trigger. I was mentally prepared for Jims next move. -Excerpt, Knives Were Involved, Chapter 13 Grand Canyon National Park, Grand Canyon, AZ Michael Meyer considers himself one of the luckiest men on Earth. He didn t work in a corporate building all his life, instead, he went to work everyday in the wilds of America s most beautiful national parks, including Yellowstone, Grand Canyon, the West, and in Alaska. Here, Ranger Stories presents 23 of the best, most exciting moments from a lifetime as a top-level law enforcement ranger for the Park Service and Bureau of Land Management. It is also the story of a humble hero who at the height of his career, made a difficult choice for the happiness of his family. Meyer led an envious lifestyle of adventure involving boats, .38 caliber revolvers, helicopters, high-speed chases, and sheer courage in man-to-man standoffs. His is a memoir that reads like a modern-day cowboy Western where life is valued very little by some of the hardened characters Meyer crossed paths with. By honing his tactics as a smart and patient law enforcer, you ll marvel at how rangers protect tourists when they re not even looking and long after vacation season has ended.
