

## A Wine Journey Along the Russian River (Paperback)

Filesize: 2.63 MB

### ***Reviews***

*This publication is definitely not simple to begin on studying but really exciting to read. It is actually rally fascinating throgh reading time. Your life span will be enhance when you complete looking at this publication.*

*(Laurence Littell)*

## A WINE JOURNEY ALONG THE RUSSIAN RIVER (PAPERBACK)

University of California Press, United States, 2010. Paperback. Book Condition: New. 2nd Revised edition. 201 x 152 mm. Language: English . Brand New Book. Steve Heimoff takes readers on an intimate and enlightening tour of one of California's most diverse and accomplished wine areas as he travels along the Russian River and talks with growers and vintners from the Cabernet country of the Alexander Valley to the Pinot Noir producers of the Sonoma coast. This first comprehensive look at the natural history and winemaking practices of the region by one of America's most respected wine critics brings the Russian into the exalted company of the great wine rivers of the world - the Loire, the Rhone, the Rhine, the Mosel, and the Douro. Part wine guidebook, part history and geology, and part travelogue of the author's adventures in wine country, *A Wine Journey along the Russian River* is essential reading for wine lovers - both those fortunate enough to be familiar with the region and those who have never been there. Heimoff guides readers along the length of the scenic river, from its warm, northern border with Mendocino out to foggy Jenner. He discusses the history and progress of Alexander Valley Zinfandel and Cabernet Sauvignon, Russian River Valley and Sonoma coast Pinot Noir, Sonoma County's Rhone-oriented wines, old-style field blends, and other interesting wines. In the process, he introduces readers to many of the growers and vintners who have made Sonoma County famous: Dick Arrowood, the Rochiolis, the Seghesios, Tom Jordon, Bob Cabral of Williams Selyem, Jess Jackson of Kendall-Jackson, Merry Edwards, and many others. Describing how the river's formation and evolution, both products of the planet's fiery tectonic past, as well as the region's complex climate, have created the potential for unparalleled...
