\*\*\*\*\*.This manual was prepared to further develop and refine the doctrine of the functional relationship which must exist between officers and NCOs at all levels within the Army. Included is the essential doctrine necessary for commissioned officers and noncommissioned officers to begin the process of clarifying their duties, responsibilities, and authority. The manual should be used in conjunction with other interpersonal skills and existing leadership doctrine. Chapter 1 presents a brief historical view of the traditional relationship among officers and NCOs. It presents facts and establishes a basis for discussing some of the major problems which exist in the Army today. Chapter 2 identifies the basic components that exist within an organization in which the officer and the NCO must effectively function. This is done using a systems approach which utilizes the Army organization effectiveness model. Chapter 3 explains the methods and channels of communication in the chain of command and supporting channels. Emphasis is placed on the NCO support channel and the need and use of feedback within the communication process. Chapter 4 is...
